01

STAR TRAC SELECTORISED · PUSH

Chest, shoulders and triceps, covered

Three Star Trac stations for pressing and chest work, each with a fully shrouded weight stack and an exercise placard on the machine.

SELECTORISED · CHEST

Chest Press

STAR TRAC

The anchor of every push day.

A seated, guided press that lets members train the chest hard without a spotter. The foot-assist bar brings the handles forward for a safe start position.

TRAINS Chest · front delts · triceps

- Foot-assist bar for safe starts
- Padded seat and high backrest
- Shrouded stack · exercise placard

SELECTORISED · SHOULDERS

Shoulder Press

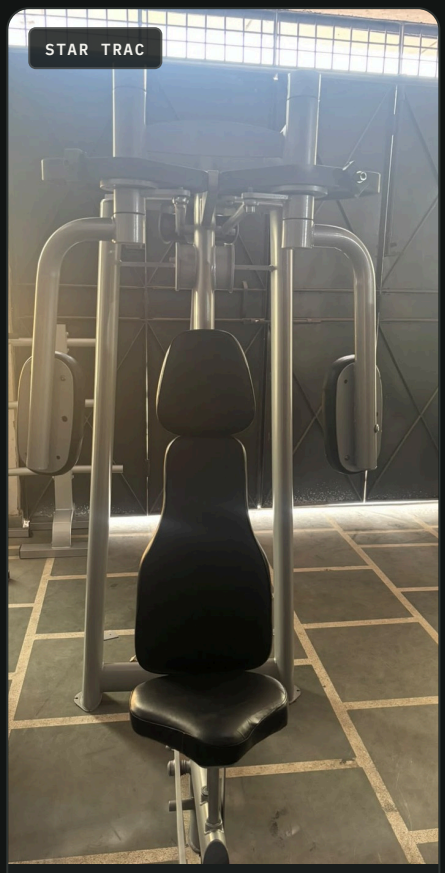

STAR TRAC

Strong, stable overhead pressing.

A reclined, fully supported seat and guided press arms let members load the shoulders heavy, with the stability of a fixed movement path.

TRAINS Front & side delts · triceps · upper chest

- Supportive reclined back pad
- Guided press arms
- Shrouded stack · exercise placard

SELECTORISED · CHEST

Pec Deck

STAR TRAC

Chest isolation, done properly.

Padded elbow arms sweep together in a smooth arc to isolate the chest. It's the favourite finisher on every chest day.

TRAINS Chest · front delts

- Padded elbow pads with grips
- Tall contoured backrest
- Smooth arc for a full squeeze

02

STAR TRAC · PULL, ARMS & FUNCTIONAL

Back, biceps and total versatility

A dedicated lat station, a preacher curl and a full functional trainer handle every pulling pattern, plus the cable work members love.

SELECTORISED · BACK

Lat Pulldown

STAR TRAC

Build a wider, stronger back.

Thigh rollers lock members in for strict, heavy pulldowns, while the high pulley gives a full stretch at the top of every rep.

TRAINS Lats · mid-back · rear delts · biceps

- Padded thigh hold-down rollers
- High pulley for full range
- Shrouded stack · exercise placard

SELECTORISED · ARMS

Preacher Curl

STAR TRAC

Strict, isolated biceps work.

An angled arm pad fixes the upper arms in place, so the biceps do all the work: no swinging, just clean, controlled curls.

TRAINS Biceps · brachialis · forearms

- Angled preacher arm pad
- Curl handles on guided arms
- Padded seat

CABLE · FUNCTIONAL

Functional Trainer

STAR TRAC

Endless variety in one footprint.

Two adjustable cable towers and an overhead pull-up frame make one station a full functional zone: presses, rows, flyes, rotations, arm work and pull-ups.

TRAINS Full body · core

- Height-adjustable pulleys on both towers
- Multi-grip pull-up bar
- Accessory storage on the frame

03

STAR TRAC SELECTORISED · LEGS

A complete lower-body circuit

Press, extend and curl: three Star Trac stations that train quads, glutes and hamstrings from every angle on leg day.

SELECTORISED · LEGS

Seated Leg Press

STAR TRAC

Heavy leg drive, fully supported.

A large footplate and a high, supportive backrest let members push serious weight for quads and glutes with the back protected.

TRAINS Quads · glutes · hamstrings · calves

- Large footplate for varied foot positions
- High supportive backrest
- Shrouded stack · exercise placard

SELECTORISED · QUADRICEPS

Leg Extension

STAR TRAC

Precision quad isolation.

Isolates the quadriceps through a smooth, full range of motion. It's the classic leg-day finisher, for beginners and athletes alike.

TRAINS Quadriceps

- Padded shin roller
- Side handles for stability
- Shrouded stack · exercise placard

SELECTORISED · HAMSTRINGS

Seated Leg Curl

STAR TRAC

Hamstrings, trained the right way.

A padded thigh hold-down keeps the hips locked in place for strict hamstring isolation. Pair it with the leg extension for balanced legs.

TRAINS Hamstrings · calves (assisting)

- Padded thigh hold-down
- Grab handles around the seat
- Shrouded stack · exercise placard

04

BENCHES

Six benches for every pressing angle

Star Trac Olympic flat, incline and decline stations for barbell work, plus three imported benches for dumbbells, accessories and forearms.

Olympic benches STAR TRAC

OLYMPIC · FLAT

Olympic Flat Bench

The classic barbell bench press station, with built-in uprights to rack the bar.

- Uprights with multiple rack heights
- Bench press and close-grip press

OLYMPIC · INCLINE

Olympic Incline Bench

Incline barbell pressing for the upper chest, with uprights to rack the bar safely.

- Uprights with bar catches
- Foot bar for a stable set-up

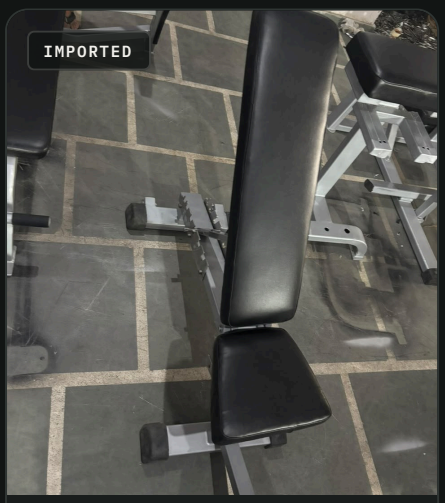

OLYMPIC · DECLINE

Olympic Decline Bench

Decline pressing for the lower chest, with a padded leg hold-down to keep members secure.

- Padded leg hold-down
- Decline barbell and dumbbell work

Utility benches IMPORTED

UTILITY · ADJUSTABLE

Adjustable Bench

Multi-angle back pad and adjustable seat for dumbbell presses, rows and seated work.

UTILITY · FLAT

Free Bench

A sturdy flat bench for dumbbell presses, rows, step-ups and accessory work.

UTILITY · ARMS

Forearm Bench

A dedicated padded station for wrist curls and grip-strength work.

05

FREE-WEIGHT ZONE · IMPORTED

Racks, stations and smart storage

The essentials that complete a serious lifting area: a squat rack, a bodyweight power station, a calf station and organised storage for plates, bars and dumbbells.

RACK · STRENGTH

Squat Rack

Heavy-duty uprights with adjustable bar positions for squats, overhead presses and rack work.

BODYWEIGHT · POWER TOWER

Chin / Dip Stand

Pull-ups, dips and vertical knee raises on one station, with a padded back and arm rests.

PLATE-LOADED · CALVES

Seated Calf Bench

Plate-loaded seated calf raises with a padded knee hold-down and grab handles.

Storage & accessories IMPORTED

Dumbbell Rack

Three-tier rack that keeps a full dumbbell set organised.

Plate Rack

Plate tree with six loading horns.

Rod Stand

Upright storage for six bars, off the floor.

Twister

Standing waist twister for core rotation and warm-ups.

06
